

## 2025 EXHIBITORS

### Annual Meeting 2026 – Fredericton, New Brunswick

---

Plan to join us in Fredericton from Monday June 1 to Wednesday June 3, 2026, at the next CCMTA Annual Meeting. Discover the charm of Fredericton, New Brunswick's capital, where rich history meets modern creativity. Nestled along the scenic banks of the Wolastoq (Saint John River), Fredericton is a welcoming city that blends historic charm with modern energy. Fredericton is known for its beautiful architecture, lively arts, culture scene, and welcoming community. Whether you're strolling through the Historic Garrison district, exploring local markets, or enjoying the local food and craft beer scene, Fredericton is a hidden gem awaiting to be experienced by you! <https://www.frederictoncapitalregion.ca/>

### Accident Support Services International Ltd

---

Accident Support Services International Ltd. (ASSI) has established "One Stop Collision Reporting", through a unique partnership involving the police, the insurance industry, and private enterprise. Since 1994, ASSI has provided professional Collision Reporting Centres to allow police to reallocate resources to higher priority needs in the community. The centres are funded completely by the Insurance Industry; there is no direct cost to the police or the public. <https://accsupport.com>

### ALCOLOCK Canada

---

ALCOLOCK is a global leader in the manufacturing and distribution of alcohol interlock technology and alcohol interlock programs. ALCOLOCK has over 40 years of experience developing innovative technology to prevent impaired driving. We ensure the highest standards for products, services and the environment through our quality management system, which includes accreditation to ISO 9001, IATF 16949, and ISO 14001. [www.alcolock.net](http://www.alcolock.net)

## **American Association of Motor Vehicle Administrators**

---

The American Association of Motor Vehicle Administrators (AAMVA) is a tax-exempt, nonprofit organization developing model programs in motor vehicle administration, law enforcement, and highway safety. The association also serves as an information clearinghouse in these areas and acts as the international spokesperson for these interests. [www.aamva.org](http://www.aamva.org)

## **Bluedrop ISM**

---

Bluedrop ISM is a recognized technology innovator that transforms training delivery and credential management through its SkillsPass workforce training platform. SkillsPass is the trusted solution for governments and industry groups around the globe to advance critical skill development and lifelong credential management. Bluedrop was recently recognized as one of Canada's Top SME employers for the second year in a row. [www.bluedropISM.com](http://www.bluedropISM.com)

## **Brigade Electronics (Canada) Ltd**

---

Our mission is to prevent collisions and save lives. Our complementary range of passive and active safety systems is essential to maintaining vehicle safety for everyone – no matter what industry you operate in. From Heavy Gross Vehicles to heavy plant and mobile machinery, Brigade works tirelessly to create a range of high-quality vehicle camera systems and vehicle products that ensure drivers, groundworkers, pedestrians, and cyclists are protected from harm. [www.brigade-electronics.ca](http://www.brigade-electronics.ca)

## **Canadian Bank Note Company, Limited**

---

CBN is a leading provider of world-class, tailored identification solutions to DMVs globally. With HQ and state-of-the-art production facilities in Canada, we do business differently. We engage, listen to understand your goals, then act.

Our portfolio includes DL/ID design and issuance, front-office data capture, mDL/digital ID, biometrics, and entitlement. Our product range includes Canadian DL/IDs, banknotes, passports, and more. Join Alberta, Northwest Territories, Nunavut, Canada's DND, Virginia, Wisconsin, North Carolina and New York – talk to CBN. [www.cbnco.com](http://www.cbnco.com)

### **Commercial Vehicle Safety Alliance (CVSA)**

---

The Commercial Vehicle Safety Alliance (CVSA) is a nonprofit organization comprised of local, state, provincial, territorial and federal commercial motor vehicle safety officials and industry representatives. The Alliance aims to prevent commercial motor vehicle crashes, injuries and fatalities and believes that collaboration between government and industry improves road safety and saves lives. <http://www.cvsa.org>

### **FAST Enterprises**

---

For over 25 years, Fast Enterprises (FAST) has transformed the way government agencies serve their communities. FastDS-VS is used by more state driver and vehicle agencies than any other system, providing a 360° view of customers and vehicles across all programs, including titling, registration, licensing, identity services, permitting, and more. FastDS-VS is built on our highly flexible FastCore platform, trusted by 100+ government agencies worldwide to administer services in motor vehicle and driver licensing, child support, unemployment insurance and paid leave, and tax and revenue. [www.fastenterprises.com](http://www.fastenterprises.com)

### **Government of Saskatchewan- Ministry of Highways and Infrastructure**

---

The Saskatchewan Ministry of Highways and Infrastructure manages the provincial highway network, ensuring a safe, reliable, and sustainable transportation system that supports economic growth and quality of life. <https://www.saskatchewan.ca/government/government-structure/ministries/highways>

## I3 Verticals

---

The i3 Verticals Transportation division delivers robust solutions using cutting-edge and highly secure technology. The i3 software solutions empower government agencies, dealers, and drivers through a wide range of products in categories such as Motor Vehicle, Motor Carrier, Driver Licensing and Permitting, Mobile Experience, Online Training Content Management, and Self Service & Payments. i3 Verticals Transportation solutions can be implemented at almost any size, from county-level to statewide systems, with configurable options to meet specific requirements. <https://www.i3verticals.com/>

## Intellectual Technology, Inc. (ITI)

---

ITI has over 30 years of experience building efficiencies for motor vehicle agencies through secure solutions and innovative services, with solutions deployed in 36 jurisdictions. Solutions include self-service kiosks, identity verification, automated driver knowledge and skills tests, including on-line tests, and license plate production management. <https://intellectualtechnologyinc.com/>

## John R. Wald Company, Inc.

---

Since 1924, the John R. Wald Company has specialized in providing license plate production equipment systems and software solutions to manufacturers world-wide. Our new DigiTag TriJet Roll-to-Roll UV Inkjet Print System is the latest print technology for Flat or Embossed license plates boasting photo quality license plate background images and text at a fraction of the per image cost of previous and currently available print technologies. DigiTag™ Administrative Software, direct mail and materials. [www.jrwald.com](http://www.jrwald.com)

## NMEDA

---

The members of NMEDA Canada are dedicated to expanding opportunities for people with disabilities to safely drive or be transported in vehicles modified with mobility equipment to fit their specific needs.

As a chapter of NMEDA, our membership network includes mobility equipment dealers, manufacturers, driver rehabilitation specialists (DRSs), and other allied health professionals (OTs, PTs, etc.) located throughout Canada. Always striving to unify and improve the mobility equipment industry and its services, our organization works together within the adaptive community to provide quality, safe, and reliable transportation to people with disabilities. [www.nmedacanada.ca](http://www.nmedacanada.ca)

## Parsons, Inc.

---

Parsons has over 30 years expertise in developing and operating vehicle safety and emissions inspection programs. Parsons is Canada's largest provider of decentralized inspection program services employing proven strategies and utilizing best practices in our delivery of complete program management services, including custom software, data management and reporting, auditing, training, test equipment, public relations and industry outreach. Our team has designed, developed, and created an innovative and proven suite of inspection and auditing systems and services, and conducted more than 550,000 audits in motor vehicle inspection programs. Our real-time auditing solutions and data analysis services provide our clients with assurances of a well-managed program while exceeding service levels and expectations.

Parsons also provides cyber security and data information protection solutions to government organizations – solutions that help identify, mitigate, prevent and respond to issues such as data breaches and technical infrastructure security. Parsons's breadth of experience and suite of cyber security and risk mitigation solutions has successfully helped our clients avert threats, assess risk and respond to information breaches.

## Saskatchewan Government Insurance

---

SGI (Saskatchewan Government Insurance) has two operations: the Saskatchewan Auto Fund, which handles compulsory auto insurance, driver licensing, and vehicle registration; and SGI CANADA, which offers property and casualty insurance in five provinces through a network of independent brokers. <https://sgi.sk.ca/>

## Smart Start Inc.

---

Smart Start Canada is the nationwide leader in alcohol monitoring, offering advanced breath-alcohol testing at the lowest cost. Our Ignition Interlock helps to ensure traffic safety with a convenient, discreet solution for clients who require a car breathalyzer. SmartMobile™ and SmartMobile Insight™ handheld devices offer effective alcohol monitoring for situations that require a portable solution. Our SmartWeb™ online platform provides monitoring authorities with quick reporting and analysis for easy caseload management. Smart Start Canada offers hundreds of service locations nationwide, and a 24/7/365 multilingual Customer Care call centre. Visit [smartstartcanada.ca](http://smartstartcanada.ca) for more information.

## Thales DIS USA, Inc

---

Thales delivers highly customizable identity and biometric solutions capable of producing personalized and secure identity documents, like driver licenses, identification cards, and mobile driver licenses, that are at the heart of identity systems. These solutions are custom designed to meet the individual needs of our customers and are based on the latest technologies, providing superior performance and security. Thales has secure solutions covering capture, image verification, document scanning and verification, DL/ID issuance, mDL, and managed services. As a world leader in digital security, businesses and governments rely on Thales to bring trust to the billions of digital interactions they have with people. <https://www.thalesgroup.com/en>

## **The War Amps of Canada**

---

The War Amps is a registered charity that has been making a difference in the lives of Canadian amputees, including veterans, adults and children, for more than 100 years. We provide funding for artificial limbs, peer support and a strong organization to advocate for amputees' rights. The War Amps is funded by donations to our Key Tag Service; we do not receive government grants. <https://www.waramps.ca/home/>

## **U-Haul International, Inc.**

---

Since 1945, U-Haul has been the choice for the do-it-yourself mover. We share our distinctive orange and white U-Haul trucks, trailers and towing devices as well as offer self-storage rooms through a network of company-operated moving centers and independent U-Haul dealers. The company provides industry-leading moving and storage boxes and an extended line of packing supplies to protect customer possessions. U-Haul also offers convenient, flexible and secure U-Box moving containers to move and store your belongings. <https://uhaul.com>

## **Veridos**

---

Veridos, a global integrated identity solutions provider, serves governments in over 100 countries with a comprehensive product portfolio. Offering end-to-end solutions from security printing to mobile ID solutions, Veridos ensures tailored solutions for every identity need. From passports to driver's licenses, governments can acquire best-in-class documents or manufacturing facilities. [www.veridosna.com](http://www.veridosna.com)

## **Waitwell Inc.**

---

WaitWell is a queue management and appointment booking platform that allows citizens to join a virtual line using their mobile devices and receive real-time updates about their position in line and estimated wait time. By digitally transforming services, busy service locations ensure that citizens arrive at the right place at the right time, fully prepared for their appointments and walk-ins. [www.waitwell.ca](http://www.waitwell.ca)

## **Waldale Manufacturing Ltd**

---

Waldale provides a wide range of products and services to both the license plate and motor vehicle communities. We use the most current industry 'best practice' concepts to supply our North American jurisdictional customers with first rate, quality products and superior customer service. [www.waldale.com](http://www.waldale.com)

## **Waterloo Centre for Automotive Research (WatCAR)**

---

The Waterloo Centre for Automotive Research (WatCAR) is Canada's largest automotive research hub, linking the University of Waterloo with global industry and government partners. Core areas include autonomous and connected vehicles, EVs, ADAS, and intelligent infrastructure. This exhibit highlights a Transport Canada-funded project: Enhancing Driving Automation Safety in Canada, which uses traffic data to generate advanced test scenarios for ADAS and connected/autonomous vehicle systems under the Enhanced Road Safety Transfer Payment Program. <https://uwaterloo.ca/centre-automotive-research/>

## **Winding River Solutions**

---

Winding River Solutions has been a trusted leader in software solutions since 2002. With over two decades of experience, we specialize in delivering innovative, high-quality software while building lasting client relationships. Our expertise spans development, consulting, and training, empowering businesses with cutting-edge technology. As we move into 2025, we remain committed to adaptability, excellence, and reliability, ensuring our solutions evolve with industry needs.
